The Leadership Program presents a new concept in graduate education. It is an interdisciplinary program offered by Andrews University as a collaborative graduate program, with degrees offered and faculty participating from the School of Education, the School of Business and the Theological Seminary. It is designed to meet the needs of mid-career leaders and to provide an innovative and highly flexible program allowing self-motivated mid-career leaders to pursue a doctoral degree in the context of a learning community, without requiring them to sacrifice

family and career commitments.

#### MISSION STATEMENT

The Leadership Program is dedicated to developing Christian leaders who are able to integrate faith and learning in the workplace. It prepares a community of learners and leaders dedicated to service.

## DEFINING THE PROGRAM

- The Leadership Program
- Leads to an MA, EdD or PhD degree
- Is established on the idea of developing and demonstrating competency in several key areas
- Gives each participant the opportunity to design and carry out an Individual Development Plan (IDP) in order to fulfill competency requirements
- Demonstrates competence through use of a comprehensive examination
- Fosters collaboration and cooperation among its participants.

## CHARACTERISTICS OF THE PROGRAM

The program allows the self-directed learner to participate in a dynamic-action agenda devoted to service. The program's strengths are evident in several ways:

The Leadership Program is instruction based. The participant learns through various media such as seminars, workshops, listserves, online discussion forums, e-mail, and guided practice.

The Leadership Program is competency based. Although not listing a prescribed set of courses, the program is designed around a set of competencies, including both skill and knowledge based areas necessary to demonstrate competence.

The Leadership Program is learner driven. The participant works with an adviser and develops a plan of study with course work and directed activities to fit his/her needs. An extraordinary amount of personal ownership by the participant is critical for satisfactory completion of the program.

The Leadership Program is flexible. The flexibility allows for the educational needs, career

goals, and past experience of the student to play

The Leadership Program evaluates achievement.

- Throughout the course of study, individual achievement is evaluated on the basis of mastery of content and demonstration of skills.
- The program is completed when the participant has demonstrated achievement of the 20 general competencies (see below).
- Demonstration of achievements is documented in a portfolio that is assembled throughout the program. The portfolio is presented for validation to a faculty team at the end of the program.
- For the MA degree, a research project is completed and approved.
- For the EdD and PhD degrees, a doctoral dissertation must be completed, defended, and approved.

### APPLYING TO THE PROGRAM

Applicants should read the Graduate Admissions Requirements section of this bulletin.

Potential participants also should communicate

directly with the Leadership Program coordinator's office to indicate how they have met or plan to meet the prerequisites for admission to the program.

Additional recommendations and interviews may be requested prior to formal admission to the program. Only a limited number of participants are admitted each year, so applicants should apply early.

### SPECIFIC ADMISSION REQUIREMENTS

- A completed bachelor's or master's degree (an MA degree is recommended for the doctoral programs).
- A minimum of five or more years of full-time professional work in a leadership capacity after completing a baccalaureate degree.
- A commitment to participate actively in orientation, study groups, and other scheduled activities.
- Access to and skills in communicating via e-mail, the Internet, and other forms of telecommunication.

## **BASIC DEGREE REQUIREMENTS FOR MA, EdD and PhD**

- 1. Participate in the on-campus program orientation: LEAD630 (6 credits) and in annual leadership conferences.
- Complete LEAD635 Individual Development Plan (IDP) designed by the participant and approved by the Leadership faculty team.
- Complete the following web-based learning experiences: LEAD636: Issues in Leadership Foundations
  - LEAD630: Issues in Leadership Foundations LEAD637: Issues in Research LEAD638: Issues in Leadership Theory
- 4. Regular, active participation in one or more study groups.
- Throughout the program, maintain participation in a professional environment (typically an employment situation) in which

- Complete the development, presentation and defense of a portfolio based on the participant's IDP. The portfolio must document the satisfactory completion of the required competencies. *SCHOOL OF EDUCATION* 187
- Complete the specific number of credits: 36 semester credits for the MA degree; 90 semester credits for the EdD/PhD.

**Doctoral Residency Requirements.** Doctoral program residency requirements may be fulfilled by option A or B.

**Option A.** By the end of the fourth semester: (1) Complete degree requirements 1, 2, and 3 above, (2) complete 16 of the minimum 32 required oncampus credits, and (3) receive regular admission status.

**Option B.** Enroll for 2 out of 3 consecutive semesters after admission to the doctoral program. To qualify as enrolled, students must register for a minimum half-time load of study or be involved in work directly related to fulfilling the IDP requirements (not including dissertation).

**Basic Competency Requirements for the EdD** 

and PhD degrees. Completion of the doctorate in Leadership is achieved only after competence is demonstrated in each of the 20 competencies listed below. The competencies are arranged in six groups. Each group is followed by a general description of the knowledge base as well as the personal/professional development covered by the competency. Of the 20 competencies required, the participant will achieve "distinguished" competence in at least three of them, "proficient" competence in at least three of them, "proficient" competence in all of those remaining. (See the Leadership program handbook for a description of competency level indicators.)

An effective teacher/instructor with

- a. Skills in using, evaluating and adapting learning materials to accommodate individual variability.
- b. Skills in various learning strategies, including group processes.
- c. Skills in mentoring.

Every leader is a teacher/mentor on some level, and, as such, is expected to understand and demonstrate the principles of effective learning.
