

- exception requires the student to take additional credits beyond the minimum 32 credits required.
2. Acceptance is contingent on the availability of faculty and facilities, as determined by the program coordinator upon review of the applicant's goals and proposed area(s) of emphasis.

## MS DEGREE REQUIREMENTS

1. Compliance with all standards as given in the *Graduate Degree Academic Information* section of the bulletin.
2. Completion of a curriculum consisting of 32-40 credits approved by a supervising committee.
3. Passing a comprehensive examination over two areas from among Mathematics, Biology, Chemistry and Physics.

### Core Courses

MATH405 (3), IDSC526 (2)  
IDSC698 (1-3) may be repeated up to 6 credits,  
IDSC575 (1), undergraduate prerequisites\* (0-8), and other courses recommended by the student's committee.

### Disciplinary Core

For students choosing the Chemistry and/or Physics options:  
CHEM431, 432 (6) and CHEM441, 442 (2)  
or PHYS411 (2.5) and PHYS430 (2.5) and PHYS481 (3),

\*Up to 8 credits selected from among the prerequisites listed in the specific admission requirements are added to the minimum 32 credits for the degree.

### Total MS degree credits required—32-40

- The student must include at least 12 credits in each of the two disciplines selected for the degree.
- A student must complete a minimum of 16 credits in courses numbered 500 and above.

## COURSES

See Interdisciplinary Studies for IDSC course descriptions; Biology for BIOL; Chemistry and Biochemistry for CHEM and BCHM; Mathematics for MATH; Physics for PHYS.

## PROCEDURES

1. Upon acceptance, the student consults with the program coordinator and a graduate advisor to develop a plan of study. Any deficiencies, prerequisites, research, language tools, transfer credits, and residency are discussed to establish the status of the student.
2. The student then submits a plan of study to the program coordinator for approval and identifies three faculty members to serve as a supervisory committee. The approved plan of study becomes the curriculum the student will follow to complete the requirements for the degree. Any changes in the plan of study must therefore be approved by the graduate advisor, the program coordinator and the committee.
3. All projects must be submitted to the supervising committee at least two months prior to graduation. The program coordinator recommends final project approval after the consent of the committee has been obtained.
4. When 50% of all course work has been completed, the student initiates advancement to degree candidacy by submitting the required forms to the program coordinator. When the program coordinator approves the student for graduation, a recommendation is sent to the Records Office and to the Dean of Graduate Studies.
5. Graduation procedures and degree conferral are described in detail on pp. 28-29.

Faculty of the Department of Music are committed to providing a vibrant musical and learning environment to nurture artistic and creative growth in all students of music, to encourage and guide students through dynamic interaction in classroom and practical experiences as they mature into tomorrow's music professionals, and to mentor students in responsible use of their talents for service to Christ and to humanity.

Bachelor of Music curricula provide a comprehensive exposure to and experience with the performance, history, and theory of music. Students receive hands-on supervised teaching experience in studio or classroom teaching. Bachelor of Arts curricula are for students wishing to pursue concerted study in music within a liberal arts context.

Non-music majors may take courses in music or participate in music lessons or ensembles for credit or non-credit. See General Education section and course descriptions below for further clarification.

The Andrews University Department of Music has been a member of the National Association of Schools of Music since 1964.

**BA: Music with minor in one of the following:**

## ENSEMBLE REQUIREMENTS

- Participation on a no-credit basis is required for four semesters in one of the following: any Andrews University Department of Music band, choir, or orchestra. Keyboard majors: see note below. Students who require more than four semesters to complete their degree must participate in an ensemble during each semester of residence. Students enrolled in the Master of Music in Music Education extension program at the Universidad de Montemorelos are required to participate in an ensemble during their term of residence at Andrews University.
- Keyboard students in the MA and MMus (music education) programs on the Andrews University campus are required to enroll for 1 credit of MUPF530 Advanced Keyboard ensemble. This may apply as one of the minimum four semesters of ensemble.
- Performance majors in piano and organ are required to enroll for two semesters of MUPF530 and may apply these towards the minimum four semesters of ensemble.

## THESIS/PROJECT/RECITAL REQUIREMENT

- This requirement for an MA with emphasis in music or MMus in music education may be met by one of the following:
  1. A thesis—6 credits of MUHL699 and/or EDRM505.
  2. Two projects—2 credits of MUHL698 for each project.
  3. A credit recital—2 credits plus a minimum of 6 credits of applied music.
  4. One project plus a one-credit recital—2 credits of MUHL698 for the project plus a minimum of 4 credits of applied music.
- The MMus degree in performance requires a 2-credit recital. Recitalists must have taken in residence at least one-half of their applied music credit in their major performance area. They must enroll in applied lessons for at least two consecutive semesters prior to the recital date and must audition before a committee of music faculty one month prior to the recital. Students majoring in performance without an undergraduate major in the same performance area (or the equivalent) must offer two recitals, only the second of which is for credit.

**Piano Proficiency.** Music majors must pass a piano proficiency examination. Graduate students who have not passed this examination on the undergraduate level must take the examination prior to the first registration. Students who do not pass this examination must enroll in applied piano until the examination is passed.

**Electives.** Each area of study has appropriate choices of electives.

**Comprehensive Examinations.** All graduate students in music take comprehensive examinations toward the end of their studies. Students should consult with their advisor concerning the appropriate time to apply for these examinations and for guidance in preparing for them.

**Non-degree (PTC) Students.** A student who plans to study music under this classification (see p. 31) may be admitted to courses as approved by the department chair.
