

THST678**(2-3)**

The relation of scientific information and theory to Christian doctrines; theories of origin, geologic time, uniformity, and organic evolution as developed in the fields of historical geology and biology.

THST814**(3)**

The interrelation between philosophical, theological and ethical thought-forms and issues considered

development, and relationship to the mission of God and the church. Students are exposed to various ministries.

MSSN627 (2-3)

A study of biblical models, historical examples, and development paradigms illustrating ways that Christian mission has been involved in social change.

MSSN630 (2-3)

A study of leadership emergence, selection, and training in missionary churches with particular attention paid to strategic issues of various training models and the relationship between formal, informal, and non-formal leadership development. Identical to CHMN630.

MSSN635 (2-3)

Current issues in mission and the way they affect the church's outreach in the world. Repeatable.

MSSN650 (2-3)

An introduction to the history, beliefs, writings, personalities and current developments in religions such as Islam, Judaism, Hinduism and Buddhism. Repeatable.

MSSN660 (2-3)

Development and evaluation of various forms of Christian witness among the peoples of other religions such as Muslims, Jews, Hindus, and Buddhists. Repeatable.

MSSN676 (2-3)

History of the expansion of the Christian church, from the first century until the present. At the discretion of the Department of Church History, this course may fulfill a Church History elective requirement.

MSSN685 (2-3)

A concentrated study of mission theory and strategy, cultural perspectives of mission service, and basic principles of church growth.

INDIVIDUAL AND SEMINAR STUDIES

MSSN690 (1-3)

Individual research on a selected problem in the theory, history, or practice of mission. See general guidelines under Academic
