## Master of Business Administration (MBA)

### Mission

The mission of the MBA program is to prepare students from many cultural backgrounds for responsible positions in domestic and international organizations. Prerequisite courses in the common body of knowledge are required to bring the student up to the minimum expectations of our graduate faculty. These prerequisite courses may be waived for students with appropriate undergraduate course work from an accredited institution. If the prerequisite courses are more than five years old or the grades earned are below C, students may be required to repeat these courses.
